SUMMARY

Enthusiastic and detail-oriented graduate seeking an entry-level Frontend Developer position to leverage a solid academic foundation in web technologies. Eager to contribute to a dynamic team by learning and implementing modern UI/UX principles. Passionate about transforming creative ideas into user-friendly digital experiences. Committed to staying updated with evolving trends in frontend frameworks. Adept at adapting in fast-paced environments and keen to expand technical skills. Dedicated to delivering visually appealing and responsive website interfaces that meet business objectives.

PROFESSIONAL EXPERIENCE

Kodnest Technologies

Bengaluru, Karnataka, India

Software Development Intern

01 Aug 2025 - 01 Oct 2025

- Interned at KodNest where I developed core competencies in Java programming, MySQL databases, Frontend Technology, and Manual Testing. Worked alongside experienced developers on active projects, enhancing my understanding of the software development life cycle, while strengthening collaboration and effective communication skills to deliver solutions within set timelines.

PROJECT EXPERIENCE

- **Ecommerce website**
 - Developed a full-stack e-commerce application featuring a responsive and intuitive user interface, supporting fluid mobile and desktop experiences. Utilized RESTful APIs to deliver real-time product information, facilitate secure user authentication, and streamline shopping cart operations, contributing to enhanced UI/UX and customer engagement.
